EXPERIENCE

Brandon Russell is a design and video production talent. As a creative professional with **more than eight years of experience**, Brandon has successfully filled a broad range of roles—from senior video editor and motion designer to digital and print graphic artist—utilizing his diverse skill set, attention to detail, and adaptability.

Not one to back away from a challenge—whether it requires researching new technologies or launching into a wingsuit flight from the edge of a cliff—he always brings passion, creativity and grit to give his projects the greatest chances of success.

E N D O R S E M E N T

“Brandon is a remarkable talent. He is unique in the creative industry as he is extremely creative, as well as a technical expert. As a graphic designer, videographer, editor and web developer he truly covers the entire range of expertise necessary to produce a short film, build a website, create an interactive ebook, or design a line of clothing, all of which he has done exceptionally well. Brandon can tackle the most complex of projects, and execute them with patience, innovation and grace. He is always on task, on time and on budget. Any project Brandon is involved with will benefit greatly from his extraordinary gifts.” // **B.B. Schmid, 2B Creative, Inc.**
